Smashed German Line Along Verdun Front as Parting Salute

IS NEW CHIEF COMMANDER

Terrific Bombardment of German Lines Was Followed By Vicious Attack By Infantry and Six Mile Front Was Penetrated Distance of Two Miles—9,000 Prisoners

(Associated Press Telegram)
Paris, Dec. 15, 1:55 p. m.—As his last act before assuming the chief command of the French armies on the western front, General Neville today smashed the German line east of the Meuse along a front of six miles. The victory has advanced the French position two miles and they are now within a short distance of where the Germans stood at the outset of the great Verdun drive. The military authorities describe the victory as complete and crushing and carried out without a hitch.

Since his last great stroke, when the bloodsoaked ruins of Fort Vaux and Douaumont fell once more into the hands of Verdun's defenders, General Neville has been quietly preparing to push his advantage by an attack on a large scale. Men and guns had been assembled, shells piled and everything was in readiness for the moment when the general should see his opportunity. Then the blow fell like a thunderbolt. A terrific artillery preparation flattened the German defenses, then the guns were elevated and threw a curtain of steel behind which the infantry from every trench from Pepper Hill to beyond Damour dashed forward on an enemy still stunned by the bombardment. In places the Germans gallantly strove to hold their ground, but General Neville's dispositions were so well made that they were generally powerless to stem, even momentarily, the tide. One after another, Vachereauville and Louvemont villages, Chambréville and the Hardaumont and Bézonvaux works fell without the defenders having time to carry away either guns or material and prisoners began to stream steadily rearward to pens prepared for their reception.

The weather, according to hitherto accepted notions, was all against the offensive. It was wet and misty and the French officers believe that this fact undoubtedly led the Germans to miscalculate the probability of attack. The wretched weather did not prevent the aviator who from rendering valuable aid to the attack and their services are believed to have had an important bearing on the fact that the French losses were singularly small. The large number of prisoners, according to latest advices, nearly 9,000, is an indication of the surprise nature of the onset.

The number of guns captured from the Germans in General Neville's victory on the Verdun front, as counted up to the present, is 80, according to the latest reports reaching Paris.

The French plan of attack was drawn up by General Petain, who at the time was his superior officer. The assault proper was left to Gen. Magon. It was made by five divisions, or close to 100,000 men.

Behind that line Gen. Neville had distributed groups of powerful batteries which for 70 hours before the attack hammered the German positions, particularly those on Pepper Hill and at Hardaumont and Bézonvaux.

Promptly at 10 a. m. the five attacking divisions, each of which covered a front of one and one quarter miles, advanced behind the screen of fire of guns of all calibers. They swarmed rapidly into the German trenches. The German troops in these positions, surprised by the suddenness of the attack, offered comparatively little resistance. As they rushed to the attack the soldiers cheered, and from time to time the machine guns, roared by the strong-throated poilus, could be heard above the chorus of the cannon.

With Vachereauville and Pepper Hill lost, it became evident to the Germans that resistance would be futile, and they retired in fairly good order. On the Vachereauville-Bézonvaux road, however, French troops suddenly appeared in the rear of the Germans. On seeing the French the Germans bolted, throwing away rifles, knapsacks and pouches. From the top of the hill the French could see them running and shouting with joy they dashed after them.

Half an hour later the French reached the extremity of the Louvemont crest, close to the village of the same name. They were joined hands with the formations which had started from Hardaumont and had progressed almost as rapidly along the eastern side of Pepper Hill and the bras-Louvemont road. Louvemont was stormed out of hand and a large contingent of prisoners was rounded up. By this time the Germans were surrendering freely all along the line, and the communicating trenches were choked with prisoners going to the rear.

East of the Louvemont another division reached the Louvemont-Azannes road, but here again the Germans went down before the vigorous (Continued on page 9, Col. 5)

MEETING TO DISCUSS CITY MANAGER PLAN

(Associated Press Telegram)
Cleveland, Dec. 16.—At a meeting of delegates from fifty civic, commercial and semi-political organizations held last night the first step in the actual investigation of the city manager plan for Cleveland was taken. The delegates named a committee of three to select an investigating committee of fifteen, to make a detailed study of the principles of the city manager plan and the results it has obtained in cities which have adopted this form of government.

EXTREME ENDS OF WESTERN LINE SEES BIG BATTLES

(Associated Press Telegram)
Berlin, Dec. 16.—(Wireless to Saville).—Violent artillery fighting occurred in Belgium yesterday, it is announced officially. Southeast of Zillebeke German troops advanced to the second British line whose defenders, the statement says, fled.

FOUR YEAR OLD GIRL FATALLY SHOT

Salem, O., Dec. 16.—Esther Abbott, 4 years old, of Leetonia, near here, was shot and killed today when a shotgun held by her uncle, Alex Abbott, was accidentally discharged. The uncle had been hunting, and was unloading the gun when the accident occurred.

WILL PAY BONUS FOR RECRUITS IN REGULAR SERVICE.

(Associated Press Telegram)
Washington, Dec. 16.—A law passed more than half a century ago and inoperative since the Civil war is to be invoked by the war department to stimulate army recruiting. The old statute, unearthed by Adjutant General McCain, provides for payment of \$2 to any civilian for each man he persuaded to enlist in the army. General McCain suggested to Secretary Baker that congress be asked to appropriate not more than \$50,000 to pay the bonuses. His plan is to solicit recruits mainly through retired enlisted men, and he believes the payment would incite them to active canvass of men likely to join the army.

GAS SHORTAGE CLOSING PLANTS IN WHEELING.

(Associated Press Telegram)
Wheeling, W. Va., Dec. 16.—Fifteen thousand workmen are idle here today as a result of a serious shortage of natural gas which has forced almost every factory and mill in Wheeling district dependent upon gas for fuel to close. The shortage is said to be due to the severe winter weather here.

NATIONAL TUBE CO. INCREASES WAGES BY HALF MILLION.

(Associated Press Telegram)
Lorain, O., Dec. 16.—A ten per cent. increase in wages for several thousand employees of the National Tube company, a U. S. Steel corporation subsidiary, effective yesterday, will add over \$500,000 to the yearly earnings of Lorain working men.

GREECE

Asks Allies to Lift Blockade Which Is Straining Relations

COMPLIES WITH DEMANDS

Transfer of Troops and Supplies to the North Stopped to Show Friendly Feeling Toward Allies—Asks to Arbitrate Controversy Over Clash of Troops Two Weeks Ago

(Associated Press Telegram)
Athens, Dec. 16.—An official telegram announcing that Greece had accepted unreservedly the conditions of the allies was received at the foreign office at midnight according to the Petit Journal.

STOPS TROOP MOVEMENT.

(Associated Press Telegram)
London, Dec. 16.—According to an Athens dispatch to Reuters, Greece has replied to the allies' ultimatum by saying that it accepts the demand made on it, as it is desirous of giving another manifest proof of the sincerely friendly sentiments which have always animated it toward the entente. The reply says that no hostile movement of troops have ever taken place or been projected that the transfer of material northwards will immediately cease. Orders have already been given, it is stated, regarding the movement of troops and war material and will be carried out as rapidly as possible.

In respect to the attack on British and French marines in Athens on Dec. 1, the government declares that it desires to give every legitimate satisfaction and refers to its proposals to arbitrate. It expresses the hope that the allied powers will reconsider their decision to continue the blockade, which, it says, is straining relations and impressing public opinion. The reply concludes with the expression of a desire by the government and people of Greece for a resumption of the excellent traditional confidence which previously existed between Greece and the entente nations.

HOUSES GET FIRST WHACK AT SUPPLY OF GAS SAYS STATE.

Columbus, Dec. 16.—The state utilities commission announced today it would insist upon enforcement of the rule that domestic consumers be supplied with gas first, as both as the cold weather lasts. Both Cincinnati and Cleveland officials have appealed to the commission to investigate the gas shortage.

ITALY STOPS USE OF CANDIES DURING HOLIDAY SEASON.

Rome, Dec. 16, via Paris.—A decree has been issued forbidding for two weeks the manufacture of candies or cake or their transmission by the post or railroad. The decree further forbids hotels to serve meals containing more than one meat course. The decree will prevent the sending of an enormous number of Christmas dainties intended for the soldiers at the front.

EXPLOSION KILLS THREE OIL MEN AT STANDARD PLANT.

Woodriver, Ills., Dec. 16.—Two men were killed and several others were injured in an explosion that wrecked two refining stations of the Standard Oil company here early today. The explosion was followed by a fire which for a time threatened large tanks filled with oil. The shock was felt for fifteen miles.

ELEVATOR DESTROYED.

Columbus, Dec. 16.—Fire of unknown origin last night destroyed the six story elevator of the Buckeye Grain and Milling company, with a probable loss of \$40,000. The building collapsed after several hours of fighting by firemen in the bitter cold and will be a total loss. The firemen were still working at the fire this morning.

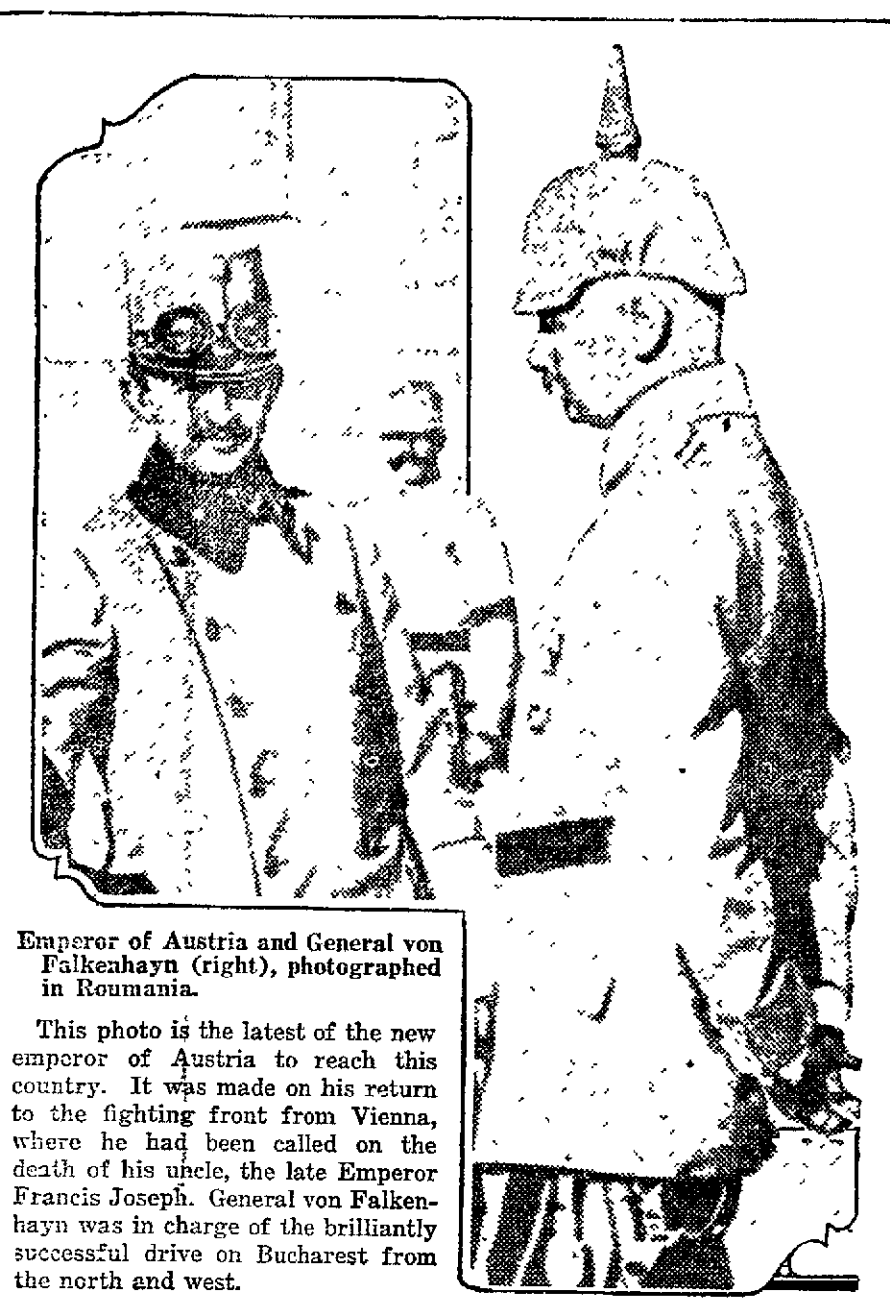

ZERO IN COLUMBUS.

Columbus, Dec. 16.—The first zero weather for central Ohio was felt here last night when the thermometer registered one degree below. Accompanied by a strong wind, the freezing temperature caused considerable suffering in the city. Weather predictions for today and Sunday held out hope of relief, however, as the weather man promised "not so cold," with probably snow.

ACCEPTS RESIGNATION.

Columbus, Dec. 16.—Governor Willis today accepted the resignation of William Cooper Proctor, prominent Cincinnati business man, as colonel in command of the First regiment, O. N. G., composed principally of Cincinnati troops. The resignation was presented yesterday.

NEW AUSTRO-HUNGARIAN EMPEROR AND GEN. FALKENHAYN MEET IN RUMANIA

Emperor of Austria and General von Falkenhayn (right), photographed in Rumania.

This photo is the latest of the new emperor of Austria to reach this country. It was made on his return to the fighting front from Vienna, where he had been called on the death of his uncle, the late Emperor Francis Joseph. General von Falkenhayn was in charge of the brilliantly successful drive on Bucharest from the north and west.

WHEAT RECOVERS WHEN DUMA TURNS DOWN PEACE PLAN

(Associated Press Telegram)
Chicago, Dec. 16.—Wheat leaped upward today in response to the Russian duma's rejection of peace terms and because of reports that the United States would not intervene at present. First sales showed an advance of as much as 8 1-4c against \$1.31 3-4 at yesterday's finish. Developments over night were construed by the trade generally as indicating that peace was still long way off and there was a consequent widespread movement to buy. In a few moments some transactions showed a rise of ten cents a bushel. After a maximum ascent of 10 1-2c sellers were somewhat bolder, and a reaction set in. It was more than half an hour before comparative steadiness was established at a range of 5c to 7c up from yesterday's latest figures. May wheat at the top of the bulge touched \$1.64 1-2, whereas the previous close was \$1.54 to 1.55 1-2.

Increasing discouragement as to peace was evinced later owing to more definite reports from Washington adverse to a probability that any formal negotiations were in immediate prospect. The market closed unsettled at net gains of 4-3-4 to 9c, with May at \$1.62 5-8 to \$1.63 and July at \$1.37 1-4.

STEAMER SUNK BY A MINE; 14 OF CREW MISSING

(Associated Press Telegram)
Christiania, Dec. 16, via London.—The Swedish steamer Vala has been destroyed by a mine and 11 members of the crew are missing, according to the Aftenposten.

BREAKS NECK WHILE AT WORK

Bellefontaine, O., Dec. 16.—Herbert B. Osborn, 42 years old, a farmer fell today while fixing a line shaft in his pump house and sustained a broken neck, dying instantly.

UP TO CENTRAL COMMITTEE SAY G. O. P. ADVISORS.

(Associated Press Telegram)
Columbus, Dec. 16.—The Republican advisory committee of nine having passed back to the state central committee the proposition of establishing permanent state headquarters in Columbus at a meeting here yesterday, Republican politicians now await the meeting of the state central committee which has been called for Dec. 28 by State Chairman D. Q. Morrow.

It was the recommendation of the advisory committee that a new committee be appointed to organize the permanent headquarters. No candidate for chairman or publicity manager were considered by the advisory committee here yesterday.

SHORTER HOURS AND BONUS FOR TIFIN WORKMEN.

(Associated Press Telegram)
Tiffin, Dec. 16.—Employees of the Webster Manufacturing company were notified today that a nine-hour schedule at present wages will become effective January 1. The plant is now working 59 hours a week. A 15 per cent. bonus to factory hands and a 10 per cent. bonus to sub-foremen, foremen and office-foremen will be paid this month.

RUSSIA

Opposed to Peace Until Allies Carry War to Victorious Conclusions

MINISTER ADDRESSES DUMA

Central Powers Continue Successes In Buzeu Region East of Bucharest—Experts Believe Mackensen Has Forced Crossing of River Near Moldavian Border—Capture 2,000

Events on the European battlefields are summarized from reports from capitols to the Associated Press as follows:

Petrograd advices carrying the report of the resolution of the Russian duma, favoring a categorical refusal by the entente governments to enter into peace negotiations under present conditions quote Foreign Minister Pokrovsky as declaring in his address to the duma that Russia and her allies are as one in the conviction that the war must be carried to a victorious conclusion.

In their operations in Rumania the Teutonic forces have won further successes, scoring new advances in the Buzeu region. The text of the German official statement is somewhat ambiguous, but apparently means that a crossing of the Buzeu river near the southern Moldavian border, which the Russo-Rumanian army was fighting desperately to hold, has been forced by Field Marshal von Mackensen. The capture of 2,000 additional prisoners is announced.

Momentarily the western front is again the center of attraction, with the French victory at Verdun occupying the chief place in the war news.

General Neville's stroke has brought the French back, according to their reports, nearly to the line they occupied when the Germans began their great drive for Verdun last February. Today's despatches report that the German rowing platoon's troops lost nearly 9,000 men in prisoners and 80 guns during the French advance, which was effected to a depth of approximately two miles along a six-mile front.

BELL COMPANY PAYS SIX MILLIONS IN CASH BONUSES

(Associated Press Telegram)
New York, December 16.—An extra cash payment exceeding \$6,000,000 will be distributed to certain classes of employees in the companies comprising the Bell Telephone System to aid them in meeting the present abnormal living conditions, it was announced here last night by Theodore N. Vail, president of the American Telephone and Telegraph company.

The payments, it was stated, will be equivalent to two or three weeks' salary, in proportion to length of service.

A statement issued by Mr. Vail said in part: "Employees who have been in the service for over one year, and who are receiving \$3,000 or less a year, will receive the equivalent of three weeks' pay, while those of the same class who have been in the service over three months, but less than one year, will receive the equivalent of two weeks' pay. Employees receiving over \$3,000 and less than \$5,000 also will participate in the payment, but not in the same proportion as those receiving the lesser rate of pay."

"This is not intended to be a distribution of profits, nor do any employees participate. It is intended to help their employees whose margin between income and necessities is narrow."

LOSS OF NORWEGIAN STEAMER REPORTED

(Associated Press Telegram)
London, Dec. 16.—The Norwegian steamer Brask of 995 tons net, has been sunk, says Lloyds Shipping agency announcement today. The crew has been landed.

STEAMER ASHORE.

(Associated Press Telegram)
Sandy Hook, N. Y., Dec. 16.—A report received here today from the keeper of Little Beach life saving station says an unidentified steamship is ashore about two miles east-south east from the station and that a United States revenue cutter has been notified.

3200 CARS STOLEN.

(Associated Press Telegram)
Chicago, Dec. 16.—Statistics announced today by Charles C. Healey, chief of police, show that up to date in 1916 the value of automobiles stolen in Chicago was in round figures about \$2,000,000. In the year, he stated, 32,000 motor cars were stolen, of which 300 have not been recovered.

ASSEMBLY CAUCUS DEC. 30.

(Associated Press Telegram)
Columbus, Dec. 16.—Republican and Democratic legislators-elect are to hold their caucus on Dec. 30, at which time leaders will be chosen by which parties for the coming session. States of candidates for various offices will be outlined at the meetings, also.

PLACE

Of Holding Proposed Peace Conference Has Not Been Suggested

DEPENDS UPON THE ALLIES

Count Von Bernstorff Confers With Secretary Lansing But Declares Peace Proposal Was Not Under Discussion—State Department Knows Officially No Terms Suggested By Note

(Associated Press Telegram)
Washington, Dec. 16.—Count von Bernstorff, the German ambassador, conferred with Secretary Lansing today. He said after a ten-minute visit with Secretary Lansing:

"We did not discuss peace terms in any way. I have not received any formal terms and the American government knows officially that no formal terms have been proposed. All Germany has suggested is that the belligerents get together and talk. If the proposal is accepted definite terms naturally will be discussed but 'till then it will not be proper to mention them. My visit to the secretary was purely for general discussion."

The ambassador indicated that the actual place for the holding of a conference and the question of whether it should be by direct negotiations or through intermediaries were questions entirely dependent on the willingness of the entente allies to discuss the situation at all. He indicated also that he had not discussed the American action in sending on the Teutonic notes without comment, as that was purely a matter for this country to decide for itself.

Secretary Lansing said early today the peace notes probably would go forward before night. One uniform American translation will be sent to all the governments where the United States represents the central allies and the original texts will be forwarded later, probably by mail.

President Wilson's decision to forward the Central powers peace notes to the entente allies without any mediation offer by the American government, left today only the task of translation and revision of phraseology to be finished before they are transmitted. The President's determination to have the United States government act only as a medium for exchange of the notes between the hostile belligerents was made after a prolonged cabinet meeting late yesterday.

First Snow Costs New York City "Cool" Half Million

(Associated Press Telegram)
New York, Dec. 16.—The first real snow storm of the winter will cost New York city about \$500,000. A foot of snow fell yesterday, between 5 a. m. and 7 p. m., and the streets cleaning department will be busy for two or three days caring it away.

The fall was the greatest here in any day since December 26-27, 1890, when 14 inches fell in 24 hours.

Traffic is still blockaded today owing to the shortage of men to clear the streets. Two years ago 40,000 men were enrolled as emergency snow handlers. One year ago the rolls of the street cleaning department carried 15,000. But this year only 6,000 emergency men are enrolled and only half of these answered the call for work last night. These laborers were assisted by between 2,000 and 3,000 students of local colleges who went to work at 11 p. m. and received 30 cents an hour. The storm in this vicinity caused comparatively little trouble to the steam railroads and the telegraph and telephone companies.

ARMY TRANSPORT MAY BE DESTROYED; CREW TAKEN OFF.

(Associated Press Telegram)
New York, Dec. 16.—Two boat loads of the crew of the army transport Sumner, which grounded off Barnegat, N. J., Sunday night, were taken off early today and calls have been sent to Barnegat for life boats to take off the remaining men. Heavy seas are causing the transport to pound heavily on the shoal and the Sumner was leaking so badly shortly after midnight that the pumps and wireless were put out of commission. In addition to those taken off this morning, some of the crew were taken aboard the army transport Kilpatrick and brought here last night.

MUNSTERBERG DIES LECTURING TO HARVARD CLASS.

(Associated Press Telegram)
Cambridge, Mass., Dec. 16.—Hugo Munsterberg, professor of psychology of Harvard University, died suddenly today while lecturing before a class at Radcliffe college. Professor Munsterberg was seized with what appeared to be a fainting spell on the lecture platform. Some of the young women members of his class, of whom there were sixty, went to his side, and then called on the college physician, Dr. Jewett. The latter reached the stricken teacher just before he expired. Prof. Munsterberg had delivered part of a lecture on elementary psychology.

SHOES FOUND IN "TEXAS" RESULTED IN TWO ARRESTS

In the arrest last night of two local men, charged with breaking and entering a Pennsylvania freight car several days ago, the police believe they have the ring leaders of a gang of thieves who have been implicated in a series of car robberies in Newark during the past month.

Brady Whyde and Wayne "Speedy" Greene, were the men arrested last night by Pennsylvania Detective Smith, of Dennison, O., and Captain Caster, of the local Baltimore & Ohio detective bureau.

Whyde since his arrest has refused to talk, declaring he is innocent of the charge, but, police say, Greene has confessed to the crime and implicated Whyde.

The arrests were the result of the finding of two boxes containing 38 pairs of ladies shoes, near the creek in Texas, last Saturday. The shoes were taken to the patrol station while the local officers got busy in assisting detectives in solving the mystery.

After several days investigation the officers got a line of three men attempting to peddle shoes to several persons and this information caused the arrest of Whyde and Greene. According to the police, Greene confessed that Whyde, himself and another man boarded the Pennsylvania train, rode to East Newark and when the train stopped near the Oakwood avenue crossing, entered the car.

The two boxes of shoes were removed and placed on a wheelbarrow. Then they were hauled across the city to Texas. Sixteen pairs of shoes were missing when the cases were found and police believe they were disposed of by the men under arrest.

Wayde, police say, is under a parole sentence from the Mansfield reformatory. He claims he saw a man trying to dispose of some ladies shoes, but that he had nothing to do with the deal.

Greene and Whyde will be arraigned before Mayor Bigbee Monday morning in police court, on affidavits filed against them by Detectives Smith and Caster.

Chief Sheridan shortly before noon today ordered the Chief of Police of Mt. Vernon to arrest John Cochran, of that city, on an affidavit charging him with being implicated with Whyde and Greene. Cochran was picked up by the Mt. Vernon authorities and is being held for the local police.

He will probably be brought to Newark and arraigned Monday with the other two men.

Mary Ann Township Man Has Taken Up Evangelistic Work

Charles E. Palmer, son of Mr. and Mrs. Joel Palmer of Mary Ann township, has taken up evangelistic work and is meeting with much success in revival meetings he is conducting, assisted by Charles R. Warman as chorister.

SEASON'S COLDEST WEATHER; SUPPLY OF GAS DIFFERS

For the first time since last winter the temperature dropped below zero, reaching that point at an early hour this morning. Thermometers varied in different parts of the city, it reaching five below in several places. In the down town district it registered zero until 8 o'clock this morning, gradually rising until it was 14 above at noon. Continued cold weather is promised tonight and warmer Sunday.

From the northern part of the county temperatures of two to four below were reported and in Morgan township, Knox county, the mercury registered five degrees below zero.

Gas pressure continues to be extremely low in many sections of the city while consumers in other parts of town had plenty of gas.

NEWARK MEN AT ZANESVILLE POULTRY SHOW

Dr. W. L. Jackson and W. E. Warrington, of this city, last night attended the annual poultry show of the Zanesville Poultry Association and later a turkey dinner, given to about 60 fanciers and visitors by the Zanesville organization.

Professor Jacoby, of the poultry husbandry department and Professor Kilpatrick, of the extension department of Ohio State University, were in attendance at the poultry show and also made brief talks at the dinner.

This year's show at Zanesville is the best ever held in that city. More than 900 birds were listed in the entry.

"The finest show I have seen this year," Prof. Jacoby said in commenting on the Zanesville show.

The Zanesville Poultry Association this year received the hearty cooperation of the business men who contributed more than \$200 to a fund to be used in promoting the exhibit.

CASHIER GAGGED WHILE ROBBERS RIFLE BANK VAULT

Toileston, Ind., Dec. 16.—Four bank robbers appeared suddenly before Cashier H. W. Lecker in the First State Bank of Toileston yesterday, took \$200 from the counter before him, tied him up in a sack and escaped as mysteriously as they came.

The robbery occurred at noon. Mr. Lecker was alone in the bank at the time. The four young men well dressed, entered together.

"We want to get a check cashed," said one of them as the men drew revolvers, "and I guess this will just about cash it."

They pocketed the money, all in bills of \$1, \$2, \$5 and \$10 denomination. They then tied up the Cashier, pulled a burlap bag over his head and vanished.

SHOW GIRLS WILL SET PAPERS FOR CHARITY FUND.

Members of the "Parisian Flirts" which appear at the Auditorium theatre next Monday will sell local papers on the streets of the city and in the business places next Monday evening, the proceeds to be given to charity. Manager George M. Fenber states that this plan has been followed by him for the past several years and has always proven a success. He requests every one to help and buy papers from the girls, as they are working in a worthy cause.

COL. J. V. HILLIARD FALLS DEAD ON CHURCH STREET

Col. J. V. Hilliard, aged 60 years, well known attorney, dropped dead about 11:15 o'clock this morning on Church street, between Fifth street and the Central School building, about 100 yards from his home, 126 West Church street. Coroner Jackson who viewed the body said his death was caused by apoplexy, and that an inquest was unnecessary.

Colonel Hilliard was overcome by the heat last July 20, and since then has been in failing health. During August he was quite ill with inflammation of the bowels which was followed about two months ago by an attack of pneumonia.

However, this morning he appeared in a particularly happy frame of mind, according to his daughter Mrs. Gladys Massey, who with her son, Victor, spent most of the morning at his office with him.

A farmer and his wife in an automobile, were driving west on Church street, when they noticed the body of a man lying upon the side walk. Driving to the curb, they got out and went to him, and several men assisted in placing him in the automobile, in which he was taken to his home. He was dead when taken into the house.

Jonathan Victor Hilliard was born in Upper Sandusky, Ohio, March 2, 1856, and was the son of Franklin and Rachel Hilliard, the father being appointed postmaster at Upper Sandusky during the administration of James Buchanan.

Colonel Hilliard lived with a great-grandfather in Fairfield county when young, and attended the Reynoldsburg academy, receiving a teacher's certificate at the age of 15. The following year he began teaching and after the death of his great grandfather in 1873, he made his own way in the world. He became superintendent of schools in Centerville, Delaware county, and completed the course at Ohio Wesleyan University in 1876.

In 1877 he married Miss Mary Algo at Kinkersville, and removed to Alexandria where he became superintendent of schools. He served in this capacity for four years. In 1881 he was appointed county school examiner which position he held for six years.

After serving as superintendent of the Hartford schools, Colonel Hilliard was elected county recorder which office he filled for six years, during which time he read law under the direction of the law partnership of Judge John M. Swartz and the late David A. Allen.

While recorder, Mr. Hilliard took much interest in the Sons of Veterans and in 1891 at the state encampment at Toledo was elected colonel of the division, serving one year.

Politically Mr. Hilliard was a Democrat, while socially he was a member of the Masonic fraternity, a Knight Templar, Odd Fellows and Knight of Pythias. He was a member of Plymouth Congregational church.

Besides the widow there are six children left. They are, Atwell, connected with the Baltimore and Ohio at Cincinnati; Alma, a teacher in Winthrop College, Rock Hill, South Carolina; Halleck, with the Lima locomotive works at Lima, Ohio; Mrs. Gladys Massey, who lives with her parents; Mrs. E. A. Street who was Miss Bright Hilliard, of Riverside, California, and Josephine, principal of the high school at New Providence, Iowa.

Until word is received from Mrs. Street, no definite arrangements for the funeral can be announced.

COMMISSIONERS APPLY FOR FUND FOR WILKIN ROAD.

The Licking county commissioners today made application for the state money to be expended on inter-county highway No. 479, otherwise known as the Wilkin Run road.

The new pike is now completed to Wilkins Corners in Mary Ann township and when the appropriation is made for next year it will be possible to extend the improvement four miles to Rocky Fork. Later the road will be extended to Fallsburg, giving the inhabitants of Mary Ann and Fallsburg townships a splendid pike road to this city.

The state aid next year for Licking county will be \$17,500, to which the commissioners must add a like amount, making \$35,000 for road improvements and the total sum will be expended on the Wilkin Run road.

Application for the preliminary survey has been made with the request that it be done immediately, so that the officials will be enabled to start the road in the early spring.

DOCTORS BOOST PRICES.

Ashtabula, O., Dec. 16.—Local physicians and surgeons will increase their charges after January 1. Increased cost of all medical and surgical supplies, including drugs, is given as the reason for the advance in schedule.

It's OUR Business To Help YOUR Business

A Special Word To Club Members and the Public

Our Christmas Money Club was started three years ago.

It was not begun, nor has it been continued as a money-making plan for this Association, but rather as a feature of service to the community, the primary motive in which has been to utilize the universal desire for Christmas money as a means for encouraging people to save in small sums.

In the beginning, because of their popularity with new savers, we used the "Going-up" and "Going-down" classes, beginning with a very small amount and gradually increasing, and so on.

We feel that these classes have served their purpose and that all of our club members should now be able to save in the "Uniform" classes.

The up and down classes have greatly complicated the work in our office, in fact the club has reached such proportions that it is necessary now to limit the membership this year. When a maximum membership has been reached no more will be issued.

Hence this year the classes are all "Uniform" but range from 25c to \$2 a week, making total accumulations of \$12.50 to \$100.00, thus giving an ample range of savings to meet the needs of all.

In short we believe that the Christmas Money Club plan has passed out of the kindergarten stage and that its members are now in position to be promoted into the class of "regular" savers, all making "Uniform" deposits every week.

Even this stage we regard as a transitory one.

We hope to see the day when every Christmas Club saver will have graduated into a full fledged saver, putting by each year, by weekly payments, enough to meet all such temporary needs as Christmas presents, and also an ample provision for the more distant but none the less urgent needs of old age.

RAILROAD HEADS AND BROTHERHOODS MAY SETTLE DISPUTES

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 16.—Hale Holden, president of the Chicago, Burlington and Quincy railroad, who was chairman of the committee of railroad executives which met President Wilson and the brotherhood officials in Washington last summer, when a railroad strike was threatened, confirmed today that informal conferences had been held by railroad representatives with brotherhood officials concerning a settlement out of court of the controversy between the railroads and their employees.

W. G. Lee, president of the brotherhood of railway trainmen, also announced at Evansville, Ind., last night that negotiations are under way between leaders of the four brotherhoods and operating officials of several railroads looking to a settlement of the entire controversy before January 1, when the Adamson law is to go into effect.

Both Lee and Mr. Holden said, however, that the discussion had not progressed far enough even to suggest a basis for a permanent settlement.

MILK EMBARGO IN CLEVELAND GROWS TIGHTER

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Dec. 16.—The embargo on shipments of milk to Cleveland by farmers comprising the Northern Ohio Producers' Association was tighter today, the second of the suspension of shipments. Producers said it would be still more apparent tomorrow and Monday. Dealers say nearly half the supply was received today but producers put it at one-tenth. Dealers have made no effort to meet the demands of the producers yet. Mayor Davis appealed to the largest dealers to provide deliveries for hospitals and babies.

The gas shortage continued today and the lowest temperature of the winter was recorded this morning, four degrees above zero. A 60-year-old unidentified man was frozen to death on the Nickel Plate railroad tracks, and a woman, 55, was found unconscious in the snow on the street. Her name is unknown. She is believed dying in the hospital.

SOLDIERS PLAY FOOTBALL; TEAMS HAVE REAL STARS

(ASSOCIATED PRESS TELEGRAM)
San Antonio Tex., Dec. 16.—With a number of football stars in the lineup of both teams the eleven of the second Texas infantry and the first Virginia infantry were ready for a battle at Fort Sam Houston. A headquarters' band an dix hundred rosters both soldier and civilian accompanied the Texas team here from Corpus Christi. The Texas team is composed of stars from the University of Texas, Texas A. and M., and other Texas schools, while the Virginia aggregation contains players from several Virginia institutions. The Texas team so far this season has scored 87 points without having had its goal line crossed.

GAME ASSOCIATION ASKS COX TO KEEP WARDEN SPEAKS.

Upper Sandusky, O., Dec. 16.—In a letter addressed to Governor-elect James M. Cox today, the Wyandot County Fish and Game Protective association, representing a majority of the sportsmen and out-of-doors men in Wyandot county, it is requested that no change be made at the head of the Fish and Game department in Ohio, and that Gen. John C. Speaks be reappointed chief warden.

The letter stated that to make a change at the head of the Fish and Game department at this time would be a serious setback to the department. The association states that the fish and game department has been kept out of politics in recent years and trusts it will not be given over to political patronage at this time.

WARDEN'S HONOR SQUAD MAKES GOOD; MEN ARE PAROLED.

Columbus, Dec. 16.—Five years ago Warden T. H. B. Jones sent 18 penitentiary prisoners unguarded to the Ohio State Sanatorium at Mt. Vernon to work. This was the first step taken in the outside trust system and a storm of protest went up all over the state. Seventeen of the honor men were life prisoners. When Leo L. Diebel, sentenced from Summit county ten years ago for killing his sweetheart, was paroled this week, the last of the 18 passed out of prison history. Since the trusty system was inaugurated as high as 500 prisoners have been allowed to work unguarded outside the prison at one time. It has proven a success, officials say.

GLASS PLANTS HARD HIT.

Glass plants at Utica and Mt. Vernon have been compelled to shut down because of gas shortage. East Liverpool, Dec. 16.—Approximately 300 men were thrown out of work here yesterday as a result of a shortage in the gas supply, which first became apparent with the beginning of the present cold snap on Wednesday of this week. Unless there is a change in the weather by the middle of next week practically every pottery in the East Liverpool district, employing 10,000 men and women, will be forced to suspend operations.

GAS PLINY IN AKRON.

Akron, O., Dec. 16.—Akron is in no danger of a gas famine during the present cold spell, officials of the gas company said this morning. The supply was low last night, when the temperature dropped to zero, the coldest of the year. Preparations are being made to meet any increased demand.

Roumanian Titles.
Roumanian traditions are democratic in that the language ignores titles of nobility. In Roumania the title of his or her "highness" or "his excellency" is given only to the foreigner. The national idiom knows only one appellation of this kind, "thy grandeur," "Matria ta," and this is reserved for the sovereign. The men call each other "brother" even in moments of anger. "Marquis" and "countess" are two expressions which have in Roumania a significance intended to wound. A "little prince" is a clown. The most astonishing thing is that the word "king" in ordinary usage is far from complimentary. In Roumanian a scoundrel will be "a king of the old court," and a miserable wretch may be "a king and a half," "the last of the bandits," "a king to be hanged." This aversion is for the word, not for the king, for Roumanians from a principality became a kingdom, yet the feeling is such that in the Roumanian translation of the Bible the "Book of Kings" has become the "Book of the Emperors."—Indianapolis News.

They Save Their Shoes.
It is the ambition of almost every Haitian to possess a black suit for special occasions. If he is a private citizen without hope of political preference or place, he is content with a coat cut in sack effect. If he pretends to fashion he likely wears a long cut-away. If he happens to be a general, or a member of congress, or an ex-member, or a minister, or ex-minister, he affects the extreme frock or Prince Albert, and the heavier and thicker the cloth the happier the wearer, though he sweats in his raiment. It is also the ambition of every Haitian to have a pair of shoes for Sundays and funerals at least, as their possession raises him considerably in the social scale. If caught out with shoes on during a rain the owner usually takes them off, puts them carefully under his jacket and finishes the journey barefooted.—Argonaut.

When Boys Spoke Pieces.
In our own day the favorite pieces for spouting on the platform were "Spartacus to the Gladiators," "Cattle's Defiance," "The Seminole's Defiance" (beginning with "Blaze with your serried columns"), speeches from "Julius Caesar," "The One Hoss Shay" and other poems of Holmes. The old reading books were worth saving. In the long winded comparison between tact and talent now to be found or any moral lesson by Jane Taylor? Is Peter Plunder now among the schoolboy's poets? What torture it was to speak, especially if parents were invited to be present! One's schoolmates were far from being sympathetic. They gleefully anticipated Willie's breaking down. They snickered at a gross mispronunciation. Good old days!—Philip Hale in Boston Herald.

The Other Way.
"How long is that orchestra going to play in the grill room?" asked the nervous stranger in a hotel in a large city.
"For several more hours," replied the clerk. "Do you want to leave a call?"
"A what?"
"A call. Do you want us to wake you up?"
"Great Scott! No! Give me something to put me to sleep."—Exchange.

Melindy Pays the Freight.
Mose Johnsing—What will be yor' charge fo' marryin' me and Melindy tomorrow? Parson Jackson—Two dollars. Mose Johnsing—Well, say, just charge her five and send me difference to Lake Squeedunk, whar we's gwine on de honeymoon.—Puck.

Chinese Theaters.
Many Chinese theaters charge no admission, but depend entirely on the profits from the sale of drinks and food products. These playhouses are on the order of cafes, tables being provided and tea and native delicacies served.

Not the Cook's Fault.
Mistress—Really, Marie, whenever I come into the kitchen I see you doing nothing. Cook—You're right, mum. You never have any luck, do you?—Ellegende Blatter.

Another Quibble.
"Don't you hate to sleep in an upper berth?"
"No; I like to sleep when I have to take an upper berth."

PRACTICAL HEALTH HINT.
Gas in the Stomach.
Pain and a sense of fullness and suffocation are frequently due to the presence of accumulated gas, which has resulted from imperfect digestion of food. The symptoms, as a rule, do not cause distress until an hour or two after having eaten a meal. A quick and ready remedy for this condition is found in sodium bicarbonate. One teaspoonful of the powder placed in a tumbler and boiling water poured over it (fill the tumbler with the water) and sipped while hot until all of the solution is taken brings about speedy belching and relief from the pain. If one is frequently annoyed by such attacks a laxative medicine should be taken every morning upon rising. A sedlitz powder is an excellent laxative, when there is a tendency to gas formation, or the citrate of magnesia.

DR. GARLAND PRAISES CITY MANAGER FORM OF MUNICIPAL GOVT.

Many Newark people had the pleasure of listening, last evening, to Dr. B. F. Garland of Dayton, public welfare director, and the man sent by Mr. Paterson, president of the National Cash Register company to Europe to investigate city governments and municipal conditions in Germany, England, Holland, Switzerland and elsewhere. Dr. Garland is a most interesting and fluent speaker and portrayed the many remarkable inconsistencies in our own present form of city government, the lack of responsibility, the inability to penalize or remove an inefficient official, the total absence of "scheme" the government, the overlapping and waste of charitable benefactions due to failure of the municipality to co-operate with various philanthropic organizations. He spoke particularly of the remarkable reduction in the death rate in Dayton after the establishment of a City Manager form of government, and the new method of handling the "hobo" problem requiring that those individuals both work and live while in the city. By this method the professional tramp has ceased to be a nuisance while the worthy travelers are discerned and proper assistance rendered.

Dr. Garland's enthusiasm for the City Manager form of City Government is unbounded and he predicts that every city in the United States will have adopted the system, or one similar, within five years, in spite of the opposition of the old political party schemers.

DYNAMITER IS FOUND GUILTY IN LOS ANGELES

Los Angeles, Cal., Dec. 16.—David Caplan, charged with murder in connection with the dynamiting of the Los Angeles Times Building in 1910, was yesterday found guilty of voluntary manslaughter by a jury in Judge Willis's Court. The jury was out only four hours. Sentence will be pronounced Monday. Voluntary manslaughter has a maximum penalty of ten years in the penitentiary in this state.

Caplan was the fourth man brought to trial in the case. Twenty indictments charging murder were returned against eight persons, but the names of only the four arrested were made known.

The four were brought to trial for the death of Charles Hagerty, James B. McNamara pleaded guilty at the opening of his trial, while his brother, John J., former Secretary of the International Association of Bridge and Structural Iron Workers, facing the same charges was allowed to plead guilty to dynamiting the Jewell Iron works, here Christmas morning, and in one of the events accompanying labor disturbances in the latter part of 1910. James B. McNamara was sentenced to life imprisonment. John J. McNamara was given a sentence of 15 years. Both are in San Quentin penitentiary.

Mathew A. Schmidt was found guilty and sentenced to life imprisonment last December. His appeal is pending.

ORDINANCE WILL ASK ELECTION ON CHARTER PROPOSAL

Frank Knauber, Councilman-at-large will introduce an ordinance next Monday night, at the instance of the Citizens' Efficient Government league, directing the city council to order an election for March 15th, to choose 15 commissioners who will be empowered to draw up a charter for a new form of government for the city of Newark.

This league which has developed the idea, reports that there were over 1500 petitioners for this special election, more than three times the number legally required.

Hagen Case Set For Argument In U. S. Supreme Court

The Clerk of the United States Supreme court has notified local attorneys that the case of William U. Hagen vs. the Baltimore & Ohio Railroad company will be for oral argument on February 25, 1917.

Hagen had recovered a verdict in Common Pleas court in 1913, against the railroad company for the loss of an arm while working as a boiler maker's helper in the local shops. He had been a glass blower. The verdict was unusually large and the case finally found its way into the U. S. Supreme court upon appeal by the company.

A motion was made to affirm or dismiss by Hagen's attorneys, but instead the court set it down for oral argument. The case has the same status as the Newark Natural Gas case had in the Supreme court. Hagen is represented by F. S. Monnett and Flory & Flory, the Company by Kibler & Kibler of Newark, and Judge U. A. Frazier of Zanesville.

COUNTY SUES TO RECOVER AWARD IN DAMAGE CASE.

The county commissioners of Licking county have brought suit in the Muskingum county court of common pleas to recover \$3,848.49 from W. S. Gregg and H. D. Fletcher, contractors. The amount sought represents a judgment and court costs awarded Leon Clapham, a minor, who was injured by a barrier erected by the defendants on the Newark-Granville road, which they were improving. The plaintiffs are represented by Prosecutor Horner, Attorneys Fitzgibbon, Montgomery and Black, of Newark, and E. R. Meyer, of this city. The defense is in charge of Attorneys Marshall and O'Neil.

Fifty guests will be invited to the marriage of Miss Cornelia Louise Lamb, daughter of Mr. and Mrs. Charles F. Lamb, 834 Wilson avenue, and Mr. Henry W. Blackwood of Detroit, Mich., which is to be celebrated at noon New Year's day, at the home of the bride-to-be. In the wedding party will be Miss Kathryn Mueser of Newark, as maid of honor; Katherine Louise and Virginia Lamb, daughters of Mr. and Mrs. W. H. Lamb of Baltimore, O., and nieces of the bride-elect, as flower girls, and Mr. Donald Lamb, brother of the bride-elect, as best man. Miss Lamb attended Ohio Wesleyan university at Delaware and was graduated last June from Miss Zuercher's National School of Domestic Science in Washington, D. C. Her engagement has just been announced.—Columbus Dispatch.

Miss Helen Burrell entertained at her home in Eighth street on Tuesday afternoon with a charming party honoring her twelfth birthday anniversary. The hours were delightfully spent and an appetizing luncheon was served.

Mrs. D. R. Kingery was hostess to the members of the Wednesday Afternoon Thimble club on the club day at her home in Eighth street. The home was arranged with holly and Christmas bells and a delicious two course luncheon was served. The only guest of the club was Mrs. Wagenhal.

On Monday evening, December 11, the Wednesday Thimble club gave the annual Christmas entertainment at the home of Mrs. H. R. Rogers in the Mt. Vernon road. The entertaining hostesses were Mrs. Rogers and Mrs. Clifford-Frye. The guests were Mr. and Mrs. R. V. Sperry, Mr. and Mrs. James Johnston, the husbands of the hostesses, and the families of the hostesses. A turkey dinner was served after which the members produced a minstrel show. After this presents were taken from a tree and distributed among the guests, creating much merriment.

The crimson of the Christmas berry was the color note which predominated at the delightful afternoon tea given by Mrs. T. J. Daly on Thursday afternoon at her home in West Church street.

Holly was used in profusion and lighted red tapers added to the beauty of the scene. The dining room was also arranged in crimson and the table was centered with a basket of crimson carnations. The favors for the guests were the carnations.

Mrs. Donald Stevens was in the receiving line with Mrs. Daly, while the assistants were Mrs. John Franklin, Mrs. W. B. Wingerter, Mrs. C. W. Miller, Mrs. Bessie Hagmeier, Mrs. D. J. Price, Miss Robbin Hunter. About 100 guests called.

Miss Dora Lisle will keep open house at her home in Granville Sunday for her Newark friends, following the oratorio, "The Messiah," which will be sung at the Baptist church at 3 o'clock.

Mr. and Mrs. Austin Cooperider entertained the Ladies Aid Society of the M. P. church of Brownsville and a few friends at dinner Thursday. Those present were: Rev. Mr. and Mrs. Wells, Rev. Mr. and Mrs. Grimsley, Mrs. Dumm, Mrs. Hattie Cook, Mrs. Mollie Davy, Mrs. Florence Kreager, Mrs. Anna Cooperider, Mrs. Oma Cooperider, Mrs. Zoa Mack, Mrs. Rebecca Sheekherd, Mrs. Ella Orr and son John of Baltimore, O., Miss Kate Fyle, Rosemary Wells, Harvey Kreager, Homer Cooperider, Gail Cooperider, Carl Cooperider.

The next meeting will be held the second Thursday in January.

Martin-Bowie. At 10 o'clock this morning, Dr. L. S. Sparks united in marriage Mr. William E. Martin of Columbus and Miss Hazel D. Bowie of Pataskala. After the ceremony they returned to Columbus, where they will reside.

The Monday Talks will meet at the home of Mrs. Lewis P. Franklin in North First street on Monday afternoon and an interesting program has been arranged. Instrumental solos will be given by Mrs. Arthur Hamilton of Madison, Wis., a former president of the Monday Talks, and song numbers will be given by Mrs. J. R. Fitzgibbon. Prof. William of Granville will deliver a lecture on John Greenleaf Whittier.

The Builders met at the home of Paul Haynes in Riley street Friday evening. The hours were spent with music and games and a dainty luncheon was served the following: Misses Jessie Lytle, Ethel Hall, Goldie McPeck, Ruth Smart, Mabel Wells, Margaret Wolter, Frances Haynes, Doris Smart, Mary Smart, Messrs. William Shira, Robert Deal, Thomas Haynes, Jess Haynes, Marian Beaumont, Dwight Beard, R. P. Armentrout, and Thomas Haynes.

Mrs. T. M. Ruge and Mrs. Jennie Stewart were hostesses at a Martha Washington sewing party when the Daughters of the American Revolution convened at the home of the latter Friday afternoon. After the usual routine, an exceptionally pleasant program was presented.

Miss Junia Sells sang "Oh, My Lady" and "The Hummin' Bird" for an encore, which was followed by a graphic and interesting report of the state convention at Cincinnati by Mrs. J. B. Jones, who was a delegate from the Hetuck chapter.

Mrs. E. S. Randolph whistled.

Granville

(Special to Advocate.)

Granville, Dec. 16.—The Library Extension committee will present Rev. John E. Geil in a lecture this evening entitled "Life On the Congo," and a rare treat is in store for all who attend. Mr. and Mrs. Geil have spent four years in the part of Africa explored by Stanley and they know the conditions of life in the interior of the Dark Continent as very few Americans do. Many views will be shown in connection with the lecture. Only a nominal fee will be charged in order to meet necessary expenses. Opera House at 7:30. This evening.

At the Presbyterian church tomorrow, the subject for the morning sermon by Rev. E. D. Barnes will be "Road Making for the King." Evening service at 7, preceded by an organ recital by Miss Rockwood.

At St. Luke's church, the third Sunday in Advent, Sunday school at 9:30. Morning prayer an sermon by the rector, Rev. Doud Barne at 10 o'clock.

At the Baptist church, the pastor, Rev. Milford Brelsford will preach in the morning on "Glad Tidings, or the Beauty of the Heavenly Ministry." At 3 p. m. the annual presentation of Handel's "Messiah" by the Engwerson Chorus, Denison orchestra and soloists at 7 p. m. A joint meeting under the auspices of the Y M C A and Y W C A. will be held. Prof. E. P. Johnston will give a reading of "The Other Wise Man."

At the Methodist church the pastor, Rev. Otto Gessen will conduct both services. Subject of the morning "Start Thou Here, that Should Come?" Of the evening, "Christian Losing His Burden," illustrated with chalk sketches.

Dr. J. W. Hoffman, president of Ohio Wesleyan University, was guest of honor and speaker at the banquet given the men of the Methodist church in the social rooms. Friday evening at 7 o'clock. More than one hundred men were seated and enjoyed both the social hour and the splendid address.

Remember the address at the Granville Opera House Monday evening, December 18, by the noted leader, John G. Woolley, who stands in the front ranks of the world's great orators of the temperance reform.

He is a born orator and this means more than being a polished speaker, although he is that. He possesses that God-given power to stir the hearts, awaken the consciences, and compel conviction in the minds of his hearers. All are welcome. Admission free.

Dr. R. S. Cowell, dean of Denison university, and Mrs. Cowell delightfully entertained at dinner last evening at their home in South Prospect street, the members of the professor's class in Bible study. At a large round table in the living room, appropriately decorated for the occasion, covers were laid for 42 members in this class include both men and women and the party was a notable success.

Final rehearsals for "The Messiah" will be held this evening by the Engwerson chorus. The annual free performance will be held tomorrow, Sunday at 3 o'clock, in the Baptist church, with K. H. Eschman directing. This is the eighth pres-

entation by the Engwerson chorus and it promises to excel those of other years, although there have been formerly good oratorio concerts which will be hard to surpass. No seats are reserved and the public will do well to secure places early as many visitors are expected from surrounding towns and the door will be closed promptly at 8 o'clock.

The management of the Denison glee club calls attention to an inaccurate in last week's announcement of the permanent personnel. Prof. Karl Eschman will not direct the club, as was stated, but Mr. Soule will coach it. Prof. Eschman does not wish to have his name used as the director of the club, since he will not be able to do the actual work of coaching.

The Y W C A girls of Sheppardson college are holding a bazaar in Doane gymnasium this afternoon and evening which is being well attended. The proceeds will go toward the conference fund of the Y W C A from which money is loaned to girls to attend the summer conferences.

FARMERS' ASSOCIATION SEEK MEMBERS IN BIG CAMPAIGN.

William C. Hall, chairman of the Licking County Farmer's Association, today was sending out letters to other members of his committee, enclosing application cards for membership in the new organization. The cards will be used in a big membership campaign about to be launched in Licking county.

Over 150 memberships to the Farmer's Association already have been secured. Officers of the temporary organization are anxious to boost the membership to the point required by law and to get the permanent organization effected.

The county will be divided off into districts and the committee will conduct the sort of a campaign that should result in a quick and satisfactory victory. The state officers of the Grange, at their convention here this week, heartily endorsed the farm bureau movement in Licking county and this will materially in securing the required membership for the permanency of the association.

What Ohio Club Women Are Doing

Mrs. Prentice E. Hood, Director of Press.

For more than a year the Toledo Museum of Art has shown splendid educational films for those attending the free exhibition on Sunday. Only the size of the hemicycle has limited the number admitted. Mrs. George W. Stevens, assistant director of the museum and chairman of the state art committee, has arranged with the Bureau of Commercial Economics, Washington, whereby the federated clubs of Ohio can secure lectures accompanied by motion picture films, absolutely free of cost. For particulars write to Mrs. George Stevens.

Red Cross Seals. Ignorance and indifference are two great evils which are constantly endangering the health of a community. In selling Red Cross Seals we are getting money to support the campaign against tuberculosis and arousing an interest in the prevention of that disease.

Ohio women in previous years have been among the first in this work, and there is no reason to believe that this year's sales will not be larger than ever before.

Community Christmas Tree. The Defiance City Federation of Women's clubs is planning a municipal Christmas tree. The president of the organization will furnish a cedar tree from her yard for this purpose.

Suffrage. At a recent meeting of the Woman's Educational club of Toledo the speaker of the afternoon was detained and the time was taken by Mrs. Scott Nearing, who gave a talk on Political Equality. She told of the conference at Lima and pre-

sented a resolution asking the club to endorse the action of the State Suffrage Association requesting the legislature to enact a law empowering women of Ohio to vote for presidential electors.

Club Items. Mrs. George Zimmerman, president of the state federation, was the guest of honor at a reception given by the Ninety-seven club of Shelby, Friday, Dec. 2. Members of the Martha Washington and the Agenda clubs also were guests of the hostess club.

Shelby is the smallest town in Ohio making a real success of the public health nurse work. At an early date this column will contain an account of how they did it, that you may perhaps have the courage to go and do likewise.

The Newark and Granville clubs had a fellowship dinner the evening of Dec. 4. Short addresses were given by a delegate from each organization represented. Mrs. Ernest T. Johnson, vice president of the southeast district; Mrs. Henry Fleck of the state art committee, and Mrs. Fred Seymour of the state conservation committee were guests of honor.

The Women's Music club, the youngest member of the state federation, is bringing to that city a series of high class concerts.

An Appeal. The director of press is waiting patiently for items concerning the activities of your club. Will you not help to make this column a real inspiration? DO IT NOW

How to Check That Cold

When it is painful to breathe and fever sends chills up and down your back, you are in for a cold. A timely dose of Dr. Bell's Pine Tar Honey will stop the sneezes and sniffles. The pine balsam loosens the phlegm and clears the bronchial tubes, the hoarse, seething and relieves the sore throat. The antiseptic qualities kill the germ and the congested condition is relieved. Croup, whooping cough and chronic bronchial affections quickly relieved. At all Druggists, 25c.—Advertisement.

BAD BREATH
Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 40c and 25c per box. All druggists.

The reports made by the secretary at the regular monthly board meeting Thursday night were encouraging. The names of nineteen new members were presented by the Membership Committee, and the gain in membership over last year was fifteen for the month. The receipts for earnings in all departments showed a substantial increase. The educational, physical and social work of the association made good progress during the month.

Big banquet—The two intermediate classes will have their big supper next Wednesday evening at six o'clock. There are over fifty enrolled in these classes. The supper will cost each boy 25 cents, but no pains will be spared to make the eats the best possible even if a little fund has to be added to make up the deficit. Tickets may be secured at the office. Coach Livingston will speak.

On Tuesday night the juniors held the first of their weekly Bible classes for the winter. These classes are held immediately after the gym classes. A light supper was served for a nominal sum after which Dr. Hazlett gave a short talk on a Bible character.

Cold weather hasn't affected the temperature in the pool. There is always hot water in the showers and the pool is as warm now as any time this fall.

Last Saturday night's contest resulted in two ties. Stevens and Gowin tied for the first place with a record of five feet two inches. Gray took second with a dive of four feet ten inches. Brubaker and Kuster tied for third place, at four feet eight inches. Next Saturday night's contest is the bar-snap for height.

Newark Lodge, No. 13, K. of P.'s, held an enthusiastic meeting on Dec. 14. The Page rank was conferred upon four esquires. Knight rank will be conferred on 5 candidates next Thursday. County Deputy, P. E. Barrick of Johnston, O., will be present to inspect the lodge.

Insurance Department.
Members of the Insurance Department of K. of P.'s will meet in the club rooms on Thursday, Dec. 21st, at 7:30 p. m.

MODERN WOODMEN.
Cedar Camp, No. 4727 met Wednesday night. On next Wednesday night the full ceremony of adoption will be conferred upon several candidates. The refreshment committee report that a light luncheon will be served at the next regular meeting. On Wednesday night, January 10th we will have with us National Lecturer Charles E. Whelan and also our new District Deputy A. G. Rogers and also on that night the officers will be installed for the coming term. All members are cordially invited to be present at this meeting and welcome Neighbor Whelan and Rogers as Deputy Rogers will be with us for a time working for the camp. Neighbor Whelan was with us when he presented the Camp with the State Banner several years ago in the High School Auditorium.

RED MEN.
Minneva Tribe, No. 52 met Friday night. Two applications were balloted upon and elected. The first warrior found three brothers in waiting for the Chief's degree which was conferred upon them in regular form. On the first regular meeting night in 1917 the officers will be installed. It is being planned to celebrate the 47th anniversary of the tribe on February 11th and no doubt plans will soon be arranged to celebrate this event. On the first regular meeting in January a class will be adopted.

W. O. W.
At the meeting of Buckeye Camp, No. 239 Woodman of the World, a good attendance was present. The following officers were elected for the ensuing year: Con. Com.—Gus Weigand. Adv. Lieut.—Will H. Miles. Banker—N. W. Stevens. Clerk—G. W. Christian. Escort—Philip Frickert. Watchman—E. R. Stricklin. Sentry—V. D. Brison. Managers—Philip P. Koblenz, Edward E. Lynn, C. F. Hoover. Physicians—Dr. W. E. Shrontz, Dr. G. W. Sapp.

At the next meeting to be held on Wednesday evening, Dec. 20th, several applicants for instruction will be present and it is the desire of the officers to have a full attendance of the Sovereigns. Arrangements are being made for a public installation of officers, the first regular meeting in January, 1917.

Penalties For Meat Eating.

A most remarkable regulation affect-
ing the food supply was one which at-
tained its full vigor during Shake-
speare's youth and which, in view of
his early familiarity with the slaugh-
ter-house—there are seventeen refer-
ences to the butcher's trade in the
historical plays—must have been brought
particularly to his notice. This was
the law, first enacted in 1549 and ex-
tended in 1563, enforcing abstinence
from flesh for political and economic
reasons, not only in Lent and on Em-
ber days, Vigils and Fridays, but also
on Saturdays and even on Wednes-
days. The object aimed at in this leg-
islation was the strengthening of the
British navy through the encourage-
ment of the fisheries, the North sea
fisheries being regarded as a gold mine
which the Dutch were exploiting. In
1563 four women who had a meal of
meat in a London tavern during Lent
were set in the stocks all night, and
the woman who supplied them was set
in the pillory.

Thankful Invalid.

"Well, Mrs. Davies," said the district
visitor to the old woman who had been
bedridden for years, "and how are you
today?"

"Oh, I'm pretty well, thank you,"
was the cheerful answer.

"Ah, that's right," responded the
clergyman sympathetically. "I hardly
expected to find you to be in such
good spirits, considering your affliction.
I was afraid I should find you down
hearted."

"No, no, sir!" she cried, interrupting
him. "No, indeed, sir! I've much to
be thankful for, I have. Why, only
the other night when that house just
opposite was on fire I couldn't help
thinking of all the poor people crush-
ing each other in the street and many
of them not getting a sight of the fire
at all, while here was I, all nice and
comfortable in bed, and I could see it
beautifully through my window with-
out even turning over. Yes, sir, I've a
lot to be thankful for."—Exchange.

Wonderful Writing.

In competition for a prize offered by
a newspaper for the best example of
microscopic writing a reader sent in
a fairly readable and exhaustive ac-
count of the first voyage of Christo-
pher Columbus and the discovery of
America written on a hen's egg.

Another competitor's series of efforts
included the Lord's Prayer written on
a grain of wheat split lengthwise and
the first chapter of Genesis inscribed
within a circle no bigger than a shil-
ling.

A French Canadian sent in Francois
Coppée's novel of "Henriette," contain-
ing over 19,000 words, written on the
back of a cabinet photograph.

On the inside of a silver watch case
a girl of sixteen had engraved 2,107
words, using a tiny platinum needle
dipped in a powerful acid.

A committee of six examined the var-
ious efforts through powerful micro-
scopes, and eventually the prize was
awarded to a man who sent in the first
two sheets of a great newspaper writ-
ten on a postcard.

EMPLOYEES OF MIDLAND CO. GIVEN BONUS

Beginning January 1, 1917, the
employees of the Midland Shoe com-
pany will receive a ten per cent
bonus of their wages and salaries.
This action was decided on at a
meeting of the directors of the com-
pany held today.

The directors in a statement
issued this afternoon claimed that
the greatly increased prices for the
necessities of life have in many
cases created a serious problem
amongst wage earners and salaried
employees; that the Midland Shoe
company considers that it owes a
duty to its employees to co-operate
with them in meeting the conditions
which confront them, hence its ac-
tion in granting the increase.

The bonus will make a splendid
Christmas gift for the several hun-
dred employees of the company lo-
cated in West Newark and will be
greatly appreciated by them, more
so probably because it comes in the
nature of a surprise, no demand
having been made for the increase.

Agreement Would
Give McLean Over
\$700,000 Per Year

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 16.—Edward B.
McLean, son of the late John R. Mc-
Lean, Washington and Cincinnati
publisher, and the executors of the
McLean estate today asked the local
supreme court to ratify an agree-
ment which would end the suit
brought by Young McLean to break
the terms of his father's will.

The agreement proposes that Mc-
Lean shall have complete control of
the income from the McLean fortune
and be recognized as the head of the
Cincinnati Enquirer and the Wash-
ington Post.

Under the terms of the will Mc-
Lean was to have received a mini-
mum of \$25,000 a year from his
father's estate and the management
of the properties was left almost en-
tirely to trustees.

Under the agreement which the
court was asked to ratify today Mc-
Lean would receive an income esti-
mated at from \$70,000 to \$1,000,-
000 a year and stipulates that the
executor and trustees will at all
times consult with him on the man-
agement of the estate and afford
him free access to its books.

PAPER SHORTAGE
IS DISCUSSED BY
NEWSPAPERMEN

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 16.—Newspaper
publishers, news print manufacturers
and paper jobbers met here to-
day with the federal trade commis-
sion to work out a plan of equitable
distribution of the American and
Canadian newsprint supply, and if
possible to arrive at an agreement
concerning prices and on increase in
production. The meeting was called
by the trade commission at the sug-
gestion of manufacturers.

The trade commission is in posi-
tion already to fix responsibility
shortage, said Commissioner Davies,
in announcing that the news print
investigation would continue what-
ever arrangement is reached at the
present conference to relieve the
situation.

man is owner of the Model laundry
in that city and will continue the
operation of that plant.

PRACTICAL HEALTH HINT.

Diet For Diabetics.

A Kansas City doctor advises
a diet of raw starch for diabetic
patients. He places them on raw
starch and water only for from
one to four days, until they have
burned all the sugar out of their
systems.

The starch is given in the form
of cornstarch, a rounding tea-
spoonful stirred into a glass of
water three or four times a day.
Or he lets them eat raw potatoes
with a little salt. A daily sponge
bath and rubdown is the only
other treatment.

As soon as no more sugar can
be detected he allows the patient
to eat lettuce or celery with a
little salt and a soft boiled egg.

After awhile meat and other veg-
etables are added to the diet. All
sugar and cooked starch are bar-
red until the patient has been
sugar free for several months.

When a little toast or bread is al-
lowed. If the sugar returns the
patient is put back on the raw
starch and water for a day or
two.

A NEW MUNICIPAL CHARTER WILL BE PRESENTED FOR NEWARK

A large number of representative citizens are interested in securing a
New Charter for the city of Newark, with the sole object in view of es-
tablishing an efficient government on a sound financial basis.

There have been a number of meetings held from time to time in the in-
terest of forwarding this movement and at a recent meeting an organiza-
tion was perfected by the election of officers and an executive committee,
consisting of

Edward Kibler, Sr., President.

W. M. Morgan, Vice President.

E. M. Baugher, Vice President.

Chas. Russell, Vice President.

Henry C. Schnall, Vice President.

N. C. Sherburne, Vice President.

Walter C. Metz, Treasurer.

Executive Committee—Henry S. Fleck, William H. Smith, Daniel Alt-
shool, E. S. Randolph, Frank Verheyen, Benj. Montgomery, O. J. Payne,
Joseph Pugh, John C. Swisher, John McVicker, Roderic Jones, Edward
Streit, Wilson Hawkins, Fred Hall, Wm. E. Miller.

Press Committee—W. M. Morgan, Chairman; James Rutledge, Vice
Chairman; C. Fred Sites, Secretary.

Petitions have been circulated for a Charter Commissioners election.
The circulators of the petitions have reported that the proposition for a
comprehensive working charter for Newark is meeting with general ap-
proval of those who are approached for their signatures to the petitions.
There are twelve hundred signatures received up to this time more than is
required for the calling for the election of Charter Commission.

The movement for a New Charter is the most cosmopolitan movement
that ever has been taken for the advancement of the affairs of Newark,
and we want to impress upon the public that the earnest men who are now
working upon the proposed efficient management of municipal affairs are
the most representative lot of men that it would be possible to get together.
They are from among the professional, labor and business, in fact every
interest in the city.

The city of Newark is a big stock company with a capital of \$30,000,000.
Why not operate it in the same efficient manner that other large institu-
tions are conducted? Every citizen is a share holder in Newark's assets
and liabilities, and we have come to learn that inefficiency and extrava-
gance in city government is not borne by the tax payers exclusively, but
is in a large measure borne by the public in general. It is, therefore, es-
sential that the stockholders take over the control and run their affairs in
their own interest. The proposition of a New Charter is of such impor-
tance that all citizens can meet upon common ground and frame a Charter
for this city that will establish an efficient non-political government which
is permitted under a constitutional provision which was drafted provid-
ing home rule for municipalities which reads as follows:

"The legislative authority of any city or village may by a two-thirds
vote of its members, and upon petition of ten per centum of the electors,
shall forthwith, provide by ordinance for the submission to the electors,
of the question, 'Shall a commission be chosen to frame a Charter?'

The ordinance providing for the submission of such ques-
tion shall require that it be submitted to the electors at the next regu-
lar municipal election if one shall occur not less than sixty nor more
than one hundred and twenty days after its passage; otherwise it shall
provide for the submission of the question at a special election to be
called and held within the time aforesaid. The ballot containing such
question shall bear no party designation, and provision shall be made
thereon for the election from the municipality at large of fifteen electors
who shall constitute a commission to frame a charter; provided
that a majority of the electors voting on such question shall have
voted in the affirmative. Any charter so framed shall be submitted
to the electors of the municipality at an election to be held at a time
fixed by the charter commission and within one year from the date of
its election, provisions for which shall be made by the legislative
authority of the municipality in so far as not prescribed by general
law. Not less than thirty days prior to such election the clerk of the
municipality shall mail a copy of the proposed charter to each elector
whose name appears upon the poll or registration books of the last
regular or general election held therein. If such proposed charter is
approved by a majority of the electors voting thereon it shall become
the charter of such municipality at the time fixed therein."

The proposed New Charter properly drawn will provide for improved
management in the affairs of Newark. Other cities are accomplishing it
and Newark can do it too, and Newark will do it if the citizens will get
together and say what is needed to best conserve the interest of the city.

Articles on the subject on a New Charter will be published from time
to time giving in closer detail method of electing charter officials and the
manner in which the meetings for framing the proposed charter will be
held. There will be open discussion on the Charter by the public at the
charter commissioners meeting.

A public meeting will be held to which the public is invited, in the
Convention Room of the Court House, Friday, Dec. 22nd, at 7:30.

MISS JOHNSON IN
CHARGE OF CREDIT
SYSTEM OF C. OF C.

The Newark Chamber of Commerce
mercantile bureau is beginning to
widen its scope of credit rating ser-
vice to the local merchants and mem-
bers of the organization. The first
step in building up this system to a
high standard of efficiency was made
yesterday when Miss Glittus Johnson,
was placed in charge of the work.

Miss Johnson is experienced in modern
credit rating systems and will give
her time to looking after the interests
of the members of the Chamber of
Commerce who desire to use the ser-
vice.

All members are entitled to the ser-
vice and are urged to consult with
Miss Johnson immediately about
the advisability of extending
credit. During next week Miss John-
son will be in the office every even-
ing, on account of the storm being
open and will furnish the rating ser-
vice to the merchants.

That the Chamber of Commerce
sanction is attracting the
attention of larger cities, was
shown in a letter received by the lo-
cal manager today from William J.
Conlon, secretary of the Worcester,
Mass. Chamber of Commerce. Mr.
Conlon said that the Newark Buckeye
was read carefully upon its arrival in
Worcester, 250 miles from Newark.

He said the merchants of Worcester
were interested in the system of
local Chamber and asked for the
forms of "agreement cards" used by
the sanctioning committee in secur-
ing signatures of business men, re-
serving "happiest advertising."

The work of the sanctioning com-
mittee has been very gratifying to
the local merchants especially during
the shopping rush, as it has
eliminated the annoyance of having
solicitors asking for advertising for
various programs and fairs.

C. OF C. DIRECTORS
MEET MONDAY IN
REGULAR SESSION.

President F. L. Rogers, of the
Chamber of Commerce, will preside
at the regular meeting of the board
of directors on next Monday even-
ing. Reports from the six bureaus
of the organization will be received.
Each chairman's report will be sub-
mitted in writing and several impor-
tant matters will be up for consid-
eration.

Sixteen applications for mem-
bership have been endorsed by the
Membership and Finance committee
and will be presented to the board
for elections. If all the applications
are favorable, the membership of
the local organization will total 407,
the largest membership in the state
of Ohio in 1916. This 402 and where
the \$25 a year membership fee pro-
vails.

The Edmiston's Book Store

IS FILLED FULL OF

Desirable Gifts For Christmas

A great deal of time has been spent in selecting
and collecting the new and out of the ordinary things
as well as the more staple goods. To find the right
things and at the right price, it was necessary to go
to New York and other eastern markets. In many
instances goods have been imported from foreign
countries, especially for us. These goods are here
and are rightly priced. Our customers appreciate
this, as is evidenced by the big trade we are having.

We give intelligent, painstaking service. If a custo-
mer wants a book for a PARTICULAR purpose and
a particular person, we know what to show. If it is a
picture that needs to be framed in a certain way, we
know how to do it. If it is a wedding invitation to be
engraved, we know what is the very latest. If it is
an odd little gift for some cultured person that is
hard to please, we are able to show a variety of ar-
ticles for just such purpose.

E. H. Mazey Company

COAL PRICE HAS MUCH TO DO WITH SHORTAGE OF GAS

What is the real cause of the shortage of natural gas in Newark during the last few cold days, of which the citizens are bitterly complaining? The explanation of the gas company is reasonable if true, and the condition is one for which no blame can justly attach to anyone connected with the company.

On the other hand it is difficult to convince Newark people that the company is not discriminating against them, and with at least an adequate supply, are not furnishing it during the present severe weather.

The company's explanation of the citizens' contention is difficult to prove or disprove. K. C. Krick of Columbus, the "trouble clerk" of the Logan company that furnishes natural gas to the Newark company, said to a Newark attorney a day or so ago: "Newark is lucky to have an ounce of gas. It is not possible to furnish the Newark company the product when it is not available. One of the factions that enters into the situation is the high price of coal. This may sound far-fetched but it is a fact."

With coal at \$6.00 per ton, there are hundreds of families who have not burned gas for several years, who have come to the conclusion that gas is cheaper and other hundreds who will not pay that price for coal.

"All of these have put in gas anew, or resumed its consumption. This additional drain upon a fixed supply, and is noticeable in a general scarcity and low pressure."

The local attorney to whom Mr. Krick made the statement quoted, went to the Columbus office on business for a client, whose interests were hostile to those of the company. He came away convinced that there was a shortage in the supply of gas available for distribution in Newark.

Many citizens are indignant and demand some kind of action to compel the company to furnish more gas.

Manager L. F. Carl stated this morning that there had been 19,000,000 feet more gas furnished in Newark during the last month than for the corresponding 1933 period, notwithstanding the fact that manufacturers and other large consumers have been cut off from the supply.

This would indicate that there is an increased drain upon the supply without a like increase in the volume of the supply.

Any citizen can bring a suit in his own name and on behalf of the other citizens of Newark against the gas company. The claims of the city upon the gas company are by virtue of the franchise contract, and any legal action would resolve itself into one to compel a specific performance of a contract. The law does not contemplate demanding or attempting to enforce impossibilities. The company would plead that they did not have the gas to increase the supply and the issue thus joined would be a subject of evidence upon a trial, and by the time it was decided the weather would be so warm that the present discomfort from cold would be forgotten.

In fact the issue would be practically the same as that upon which the suit now in the U. S. Supreme court was tried, that the Logan and Newark companies formed one and the same company.

A decision of the escrow suit recently tried in the supreme court at Washington may be expected at any time.

BROTHERS GO THROUGH ALL PRISONS TOGETHER.

Columbus, O., Dec. 16.—Through trials and tribulations of years have Tony and Louis Chozinski lived in perfect harmony and never have they been separated for long. They are brothers. When mere lads they were sentenced to the Lancaster Reformatory for boys. Together they left. The next step in their career together was the Mansfield Reformatory. They were released together. In perfect accord they last week approached the portals of the Ohio State penitentiary, which swung open to welcome them and they are now living peacefully there in the same cell. They are serving an indeterminate sentence for grand larceny from Lorain county.

O. S. U. ONE OF THE LARGEST.

Columbus, O., Dec. 16.—According to figures recently made known, Ohio State University is among the ten largest universities in the United States. New York University leads the list with 7713 students. Next in order are Columbia, 7227; Michigan, 5976; Illinois, 5888; Cornell, 5264; Northwestern, 5227; Pennsylvania, 5226; Minnesota, 5114; Ohio State, 5077; Wisconsin, 5020.

BLEACHER SEATS AT 25 CENTS WILL NOT BE NUMEROUS

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 16.—Permanent abolition of the bleacher seat—the twenty-five cent seat—is foreseen in the action of the National League favoring a reduction of the seats in this popular section of the baseball grand stand to a "minimum." In the New York and Brooklyn stands the twenty-five cent seats have already been reduced to a comparatively small number. In cities like Philadelphia, St. Louis and Cincinnati, where there are more than 5,000 of the cheaper seats, the price for the majority of these seats next season will be raised to fifty cents, it is stated, and several of the club owners assert that in another year the twenty-five cent seats will be abolished.

Prior to the adjournment yesterday the magnates of the National League recommended unanimously a retrenchment on the players' salary. The salary list of more than one of the National League clubs last season exceeded \$100,000 and the probable reduction may be estimated by the statement of one club owner, who said that he expected to cut his salary list by at least one-fifth. Those players who have for the past three seasons enjoyed an inflated compensation as a result of the federal league war will be hit the hardest, it was stated.

Changes in the rules governing the world's series, as proposed by August Hermann and President Tener, were recommended by the league. These include the provision that the players of the two teams competing in the series receive a stipulated amount and that a percentage of the receipts be divided among the players of the other clubs finishing in the first division of each league. By this plan, it was claimed, interest would be stimulated among the players of the other clubs finishing in the first division of each league. By this plan, it was claimed, interest would be stimulated among the second division clubs in their efforts to finish "within the money." After the plan is drawn up in definite form it will be submitted for approval at a meeting of the two leagues. This action will probably be taken in February.

COLUMBUS PLANS REVIVAL CAMPAIGN DURING JANUARY.

Columbus, Dec. 16.—Plans are now being completed for what is said will be the most complete religious campaign ever attempted in Columbus and which will be held during the month of January. The ministerial council is behind the movement. December 31 will be home visitation day when every one will be urged to close the year right by going to church on that day, and every Sunday in January.

While all the churches may not take an active part in the movement it is planned to cover the city thoroughly, giving each church a section of the city to work in. It is designed to increase church attendance.

OPEN MEETING OF LEMERT POST SUNDAY AFTERNOON.

An open meeting of Lemert Post G. A. R. will be held Sunday afternoon in the post assembly rooms in Memorial hall. The program of the afternoon will be given by the young people of the Maple Avenue C. U. church as follows:

Patriotic selection—Male quartette.
Recitation—Miss Thelma Stough.
Duet—Mixed quartette.
Reading—"Barbara Freitche"—Miss Catherine Witmire.
Patriotic selection—Mixed and male quartette.

ANNUAL BANQUET AT THE WARDEN NEXT THURSDAY

Security Municipal Bond Company Announces Social Event—Fine Time is Assured for all Who Attend.

The Security Municipal Bond Company which established itself permanently in Newark about two years ago with David H. Pigg as its Licking county manager, announces its second annual banquet to be held at the Hotel Warden Thursday evening December twenty-first. The event has been planned upon an elaborate scale, plates having been provided for one hundred twenty-five guests.

An excellent program consisting of speaking and music both vocal and instrumental has been provided.

Mr. Pigg advises that it is the plan of his company to make the giving of a banquet to the business and professional men and others of this county an every year affair.

The company's object is to bring together, at least, once a year for social enjoyment, the men who represent and direct the county's business and professional activities.

The purpose of these annual gatherings is a very commendable one and well calculated to develop a spirit of friendliness and co-operation which may be made effective in many ways for the promotion and advancement of the general good of the community as well as affording rare opportunities for social enjoyment.

During the two years since the Security Municipal Bond Company established itself in Newark its business has grown steadily to large proportions and the company under Mr. Pigg's direction has come to be regarded as one of the solid and dependable business interests of our city and the Advocate gladly extends to Mr. Pigg and his company its congratulations upon their admitted success in establishing and building a business which gives promise of bringing larger and larger credit to the community through the coming years indefinitely.

This newspaper also wants to give expression to its sincere appreciation of the very generous plan which Mr. Pigg and his company have adopted to bring together at this annual banquet the men who figure largely in the business and professional life of our city. It is certain that those who attend this most delightful event will find that everything to the remotest detail will be done to insure all who attend a most delightful experience.

FEDERAL OFFICIAL PLANS AG. COURSE FOR OHIO SCHOOLS.

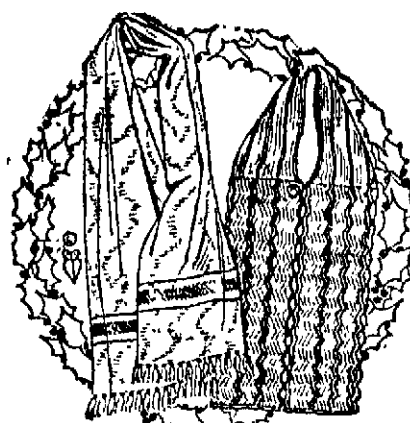

Columbus, Dec. 16.—The United States Department of Agriculture, it is announced, is planning to send a man to Ohio for several months to co-operate with the Department of Public Instruction, Ohio State University, Wooster Experiment Station, the county agricultural agents and all other institutions or individuals engaged in the teaching of agriculture, in order to formulate a course of study that will be especially adapted to Ohio schools and that will later be of direct use in the practice of agriculture.

The representative of the government will prepare a manual for the rural teachers of Ohio, arranging the subjects to be taught in agricultural in seasonal sequence; help in projecting the subjects taught into practical agricultural work in the community; show how to associate the agricultural course with the other subjects taught that each may be a complement of the other; show the teachers how to secure illustrative matter for the study of agriculture and where to get literature pertinent thereto and to shape the school work to apply particularly to conditions in this state. It is said that his plan has already been tried out in several other states and that it has proved of considerable worth.

OLDEST JEWELRY STORE IN NEWARK STILL IN BUSINESS.

While the oldest jewelry store in Newark, that of H. C. Bostwick, has recently changed hands, it is still doing business in the same place and with a larger stock than ever carried before. Its new owner hopes by a continuance of its reliable methods to merit the confidence and patronage of Newark citizens.

CADMAN LECTURE CANCELLED TODAY

Dr. S. Parkes Cadman will not be able to fill his engagement on the High School Lecture course next Wednesday, for reasons given in a letter from Brooklyn, just received by Prof. O. J. Barnes, copy of which follows:

"I am sorry to have to tell you that owing to military orders I have to return to the Mexican border to rejoin my regiment which is stationed there. I have done everything I honorably could to secure a further extension of my leave of absence to be here with my church of 3000 members during the Christmas season and to fulfill several important engagements such as yours but my efforts were unavailing as the War department felt it beyond their power to grant any more leave of absence and I know you as a patriotic citizen will agree with me that we must obey orders."

"I have always been sensitive to keep public engagements and I think have a fairly clean record in that line so will you announce to your audience and committee my reason for my inability to be with you at this season. I venture to express the hope that I may serve you next year and that the pleasure of my being with you and your constituency is only deferred to another time. I express this hope all the more because my non-appearance this time is no fault of yours or mine."

Another number will be substituted by Principal Barnes at a date to be announced later.

IRVY AND BORAH ADDRESS MEETING.
